

SAAM – Operational Data 2026

Santiago, October 15, 2026

SMSAAM (SSE; SMSAAM) reports operating volumes by business division for September 2026. The blackout period for SMSAAM will begin on Friday, October 23, and end with the release of its financial statements on Friday, November 6.

Towage

- Harbour towage maneuvers increased by 2% compared to September 2025, primarily due to heightened activity in Colombia explained by greater volumes from new operations at Puerto Antioquia and higher sales in El Salvador resulting from a new contract. On a year-to-date basis, volumes grew by 7%, driven primarily by the start of operations under new contracts in Brazil, Canada and El Salvador.
- Time charter days—associated mainly with dedicated towage services at oil, gas and mining terminals—increased 1% compared to September 2025. Year-to-date, they also experienced 1% growth, reflecting a stable level of activity compared with the previous year.
- The net number of tugs remained unchanged from September 2025, and no vessels were added or decommissioned during the period.

	Sep 26	Sep 25	Chg (%) 26/25	YTD 2026	YTD 2025	Chg (%) YTD 26/25
Total Maneuvers (thousands)	13.8	13.5	2%	123.6	115.8	7%

	Sep 26	Sep 25	Chg (%) 26/25	YTD 2026	YTD 2025	Chg (%) YTD 26/25
Total Time Charter Days (days)	859	853	1%	7,938	7,855	1%

	Sep 26	Sep 25	Change 26/25
No. of Tugs	204	204	0

Aerosan

- Export tons (metric) climbed by 2% compared to September 2025, driven by higher export volumes in Ecuador. Year to date, volumes were up 4%, driven by the performances of Chile and Ecuador, partially offset by a drop in activity in Colombia.
- Import tons (metric) increased by 19% compared to September 2025, due mainly to a rebound in activity in Chile and Colombia. However, on a year-to-date basis, volumes declined by 7%, primarily due to a weaker performance in both countries during the year.

	Sep 26	Sep 25	Chg (%) 26/25	YTD 2026	YTD 2025	Chg (%) YTD 26/25
Export tons (metric, thousands)	29.3	28.8	2%	273.1	263.8	4%
Import tons (metric, thousands)	7.5	6.3	19%	55.4	59.6	-7%
Total tons (metric, thousands)	36.8	35.1	5%	328.5	323.4	2%
